'red Fighting Blue How Geography And Electoral Rules
In Red Fighting Blue, David A. Hopkins places the current partisan and electoral era in historical context, explaining how the increased salience of social issues since the 1980s has redefined the parties' geographic bases of support and reveals the critical role that American political institutions play in intermediating between the behavior of citizens and the outcomes of public policy making. The geographical polarization of the American electorate is explained, with red states versus blue states mapping the presidential election. Students are asked to predict the results of an upcoming election, coloring states they believe will vote Republican in red and states that will vote Democratic in blue.
democratic in blue or otherwise indicate the results to bolster their prediction encourage them to study recent electoral maps polls and news articles and web sites’
